UNITED STATES DISTRICT COURT

DISTRICT OF ARIZONA

IN RE: Bard IVC Filters Products
Liability Litigation,

No. 2:15-MD-02641-DGC

**THE DEFENDANTS' STATUS
REPORT CONCERNING PROFILE
FORMS**

1 In a September 4, 2019 amended report regarding the settlement status of cases (Doc.
 2 20061), the parties identified multiple cases that are ripe for transfer. The submission
 3 further identified the cases from that list in which a properly completed profile form
 4 (“PPF”) had not been served. Thereafter, in an order dated September 4, 2019, the Court
 5 gave those Plaintiffs until September 24, 2019 to provide a PPF to Defendants and stated
 6 that the PPF “shall include the place of filter implant.” (Doc. 20115) The Court further
 7 ordered the parties to file a status report by September 26, 2019 indicating whether a proper
 8 PPF has been provided in each such case and noting that the Court “may dismiss any case
 9 in which no proper PPF has been provided.”

10 In accordance with the Court’s Order, the Defendants are attaching as Exhibit “A” a
 11 list of the status of the previously-identified cases where a proper PPF had not yet been
 12 served. (The Defendants’ counsel sought agreement from the Plaintiffs’ Lead Counsel to
 13 make this filing a joint submission, but Plaintiffs’ counsel did not respond to multiple
 14 inquiries.) The Defendants believe the cases identified in Exhibit “A” where a proper PPF
 15 has not been provided should be dismissed. If the Court would prefer that a separate motion
 16 be filed, Defendants stand ready to do so.

17 Respectfully submitted, this 26th day of September, 2019.
